# POLLARD EXPLAINS DELAY

Assures Committee That City Code Soon Will Be Rendy for Delivery, City Attorney H. R. Pollard appeared before the Council Committee on Print-ing and Claims yesterday afternoon and

before the Council Committee on Printing and Claims yesterday afternoon and explained, apparently to the satisfaction of the committee, the delay in printing the City Code.

Mr. Pollard said that while the publication had been greatly delayed, it was largely due to unavoidable accidents, the most serious of which was the fire that occurred in the establishment of the Capital Printing Company, which took the original contract. There naturally was some delay in transferring the contract to Gill Brothers, who are to deliver the book. In addition, he explained, the new system of indexing, calling attention to the fast that it was a tedious matter and one that required absolute accuracy.

Assurances have been received from the printers that the volume soon will be ready for the binder and shortly thereofter will be delivered.
